

Shaun Deepak Jayachandran

Business & Product Leader | Sports Technology - AI and Consumer Products

Baltimore, MD | 617.999.5604 | shaun.jayachandran@gmail.com | [linkedin.com/in/shaunjayachandran](https://www.linkedin.com/in/shaunjayachandran)

PROFESSIONAL SUMMARY

Senior product leader with 7+ years of experience building and scaling consumer and sports technology products, including 0-to-1 SaaS, AI-powered performance platforms, and products serving coaches, athletes, and families. Comfortable owning complete P&L, pricing, and GTM strategy for new business units.

Having operated as a coach, parent, and non-profit founder across two countries and multiple cultures, I offer the domain insight to build authentic products across diverse teams and the operational autonomy to scale them. Longstanding advocate for equitable athlete access, driving high-impact participation (including 60% female engagement in international programs).

AREAS OF EXPERTISE

Commercial & Strategy: P&L Ownership • Go-to-Market (GTM) • Tiered & PPP Pricing • Revenue & Path-to-Breakeven Strategy • Monetization (HW/SW & SaaS)

Partnerships & Ecosystems: Governing-Body & Federation Partnerships • B2B2C Distribution • Strategic Alliances • Market Segmentation

Sports Tech & Domain: Applied AI / Computer Vision in Sports • Biomechanics & Injury Prevention • 20+ Yrs Elite Coaching • Grass-Roots Operations

Executive Leadership: 0-to-1 Business Building • Cross-Cultural Team Leadership • Board & C-Suite Communication • DEI Strategy & Execution

Product & Analytics: Product Discovery • Product Lifecycle (0-to-1 to Scale) • Roadmaps & Backlog Prioritization • User Stories & Acceptance Criteria • Mixpanel • Amplitude • Looker • SQL • Tableau • Agile/Scrum • OKRs • A/B Testing

PROFESSIONAL EXPERIENCE

Founder & Executive Director | [Hoops Creating Hope](#) 2010 - Present

Founded and independently led a basketball-based education nonprofit serving 2,500+ youth in India, combining education, coaching, technology, and community engagement, with volunteers often joining from U.S. high schools and colleges.

- Founded and independently led a basketball-based education nonprofit serving 2,500+ youth in India, operating with full autonomy across Chennai and Bangalore and no daily oversight.
- Delivered an 85% school-advancement rate and 60% girls' participation, building inclusion and access into program design from the outset rather than treating it as an afterthought.
- Secured strategic partnerships with Nike, 7-Eleven, and Teach For India - the brand and institutional partnership playbook that translates directly to governing-body and association relationships.
- 20+ years of elite basketball coaching, mentored by Bob Hurley and Tommy Amaker, with a coaching lineage connecting to John Wooden and Lefty Driesell; 2x TEDx presenter and featured in SLAM Magazine.

Senior Product Manager & Product Advisory Board | GameRun.ai 2025 - Present

Lead product strategy for an AI-powered sports performance platform, working directly with users and cross-functional teams to translate emerging AI capabilities into practical products and workflows.

- Own product strategy and roadmap for an AI-powered sports performance platform, using coach and athlete feedback, behavioral data, and market insights to identify and prioritize product opportunities.
- Formulated a tiered monetization strategy and grew the platform to 300+ beta users and 2.5x YoY revenue growth; represented the company in investor meetings and industry conferences.
- Partnered directly with engineering, design, and data science to frame ambiguous problems, test solutions with users, and translate validated opportunities into prioritized product requirements and roadmap decisions.
- Improved athlete development outcomes and skill-assessment accuracy by 30% each by translating coach feedback into product requirements, maintaining 90%+ user satisfaction.

Creator | [ChalkTalk](#) (Play-Diagramming Learning Tool)

2026 - Present

Independently designed and built a coach-facing play-diagramming and video-analysis learning tool after identifying a gap in existing coaching workflows.

- Independently designed and built ChalkTalk, a coach-facing play-diagramming and video analysis tool, after finding no existing product gave coaches a better option.
- Beta versions for LSU, Dartmouth, CCBC men's basketball; built out alpha's for Team Melo's EYBL teams for Nike Nationals and semi-pro Maryland Monarchs.

Product Manager | [Buildium](#) ([RealPage](#)) 2018 - 2024

Owned 0-to-1 product strategy, launch, adoption, optimization, and revenue accountability for a consumer-facing digital product within a platform serving 31,000+ clients.

- Owned 0-to-1 strategy, launch, and revenue accountability for Applicant Center, a consumer subscription product scaled to \$5M ARR and 3M+ accounts (209% YoY growth) inside a platform serving 31,000+ clients.
- Used customer research, journey analysis, and product data to identify friction points and prioritize improvements, increasing renter conversion to mobile payment adoption to 83% and improving NPS by 22%.
- Led cross-functional collaboration across engineering, design, marketing, and customer success; presented quarterly roadmap and revenue reviews to C-suite stakeholders, aligning product bets with business priorities.
- Received Core Values Award for company-wide impact; helped lead and develop DEI program initiatives.

Varsity Basketball & Football Coach | Bishop Ireton (WCAC); Belmont Hill, Winchendon, Dexter (NEPSAC) 15 Yrs

- 15 years coaching varsity basketball and football across four nationally competitive prep programs, developing 80+ athletes into college programs and helping lead DEI initiatives within athletic departments.

Independent School Educator & Admissions | Bishop Ireton (VA); Belmont Hill (MA); 15 Yrs

- Taught chemistry, with additional math and physics, and worked in admissions across three independent school communities.
- Built a senior retreat program with Dr. Michael Thompson; the program is referenced in his book *Homesick and Happy*.

Advisor | Orgo

2024 - Present

- Shaped product vision and community engagement strategy for an early-stage consumer social platform through stakeholder interviews and MVP prioritization.

Marketing Director - Consultant | ISlide 2017 - 2018

- Drove a 48% increase in web traffic and 25% YoY sales growth for a consumer sports brand through digital marketing, SEO, and influencer partnerships.
